

Community Consolidated School District 15
Communication Survey

School Communication is an important part of ensuring quality education for all the District's students. The Board of Education would like to understand how you receive information and how you feel comfortable communicating your concerns. Information about your student's education should come primarily from your teacher and principal. Issues affecting the district as a whole will generally come from the District office and Board of Education. Completing this survey will help the Board of Education understand how you receive information and how to best promote communication to and from the Board of Education.
