

Computer

Game Design

Class starts July 5th

Do you want to design and create your own computer game?

Join our class and learn the exciting world of computer game design and programming!

The **Schaumburg Park District** is offering two classes on Computer Game Design using specially designed software. Create computer games with drag and drop menus that make programming easy and fun to learn.

Children will get hands-on experience and receive a copy of the game design program to use on their own computer after the course is over.

Computer Game Design I Course# 39493, 39494

Fees:

- Resident \$85.00
- Non-Resident \$105.00
- Material Fee \$10.00

Description: *Ever wish your kids would do more with the computer than sit and play video games? This class lets participants actually create and design computer games and animated scripts. Learn how to create background settings, characters, animate movement, add sound effects and more!*

Each child will have access to their own computer during the class.

prerequisites: none

Where: Schaumburg Park District
Age 8-11: 7/5 - 7/8 9:00 AM - 10:30 AM
Age 11-13: 7/5 - 7/8 10:45 AM - 12:15 PM

Computer Game Design II Course# 39495, 39496

Fees:

- Resident \$85.00
- Non-Resident \$105.00
- Material Fee \$10.00

Description: *This class is the second in a series for Computer Game Design. Learn more about computer programming as we go in to more detail on computer game design and review different game platforms. Teach your characters to move on command and react to their environment.*

Each child will have access to their own computer during the class.

prerequisites: Computer Game Design I or instructor approval

Where: Schaumburg Park District
Age 8-11: 7/12 - 7/15 9:00 AM - 10:30 AM
Age 11-13: 7/12 - 7/15 10:45 AM - 12:15 PM

Instructors: Eric Brents and Mark Budak
