Staff

Students should enter cars on the curb side. Cars that are ready to leave will be guided out of the car line by staff. This helps keep the line moving. Please follow the traffic directions from staff.

Jonathan Dr.

Parents can **PARK** here on South end of Jonathan and walk to Door 5

- Students can only get in cars that are in the loading zone (one of the 5 cars that are in next to the curb)
- Day care buses will drop off and pick up in the back. Just like they are in big cars.
- No students will enter or exit through the LRC doors.
- Students that cross in the cross walk by the LRC doors will go to the front and enter through door 17 (CARE door) just like the bus students .
- During the month of September we will train students to use the cross-walk at the **north** end of Jonathan Dr. so as to have them closer to the supervision when they cross (and to allow the LRC cross-walk person to help with the back drop off and pick up.)
- We are moving the LRC duty position to the back/south end.
- Please remember that in the back it is "*Right in and Right out*" only--no left turns.
