Notice to Respondents – Addendum to BID #22-001 TREATED/UNTREATED ROCK SALT & BAGGED SALT

ADDENDUM #1

Community Consolidated School District 15 has an addendum regarding Bid #22-001 Treated/Untreated Rock Salt & Bagged Salt. Indicated below are inquiries from various vendors regarding the bid and the District's responses. The addendum is posted for the benefit of all participating parties.

Some questions may be duplicates; therefore, only appropriate responses will be posted here. Any content referring to Vendors/Manufacturers has been removed to ensure confidentiality.

Product Minimum Requirements

The District would like to add to its product minimum requirements that products bid must remain dry enough as to not result in liquification and drainage from tailgates or storage structures.

Vendor Questions

1.	Q	Is calcium flake acceptable as opposed to calcium pellets as indicated under the Product Information details?
	A	Details specified within the bid documentation on page 15, Exhibit "A" page 2, notate calcium pellets as a minimum requirement for item #1, Bagged Salt. At this time, the District is maintaining the minimum requirement of calcium pellets, and calcium flakes will not meet these minimum requirements. Products being bid must meet or exceed the minimum requirements specified within the bid document. Please provide product Cutsheets and Safety Data Sheets for all products and submit them along with your bid response.

It is the vendor's responsibility to check the District's website, www.ccsd15.net/bids, to see if any additional addenda are issued regarding this Bid. Addenda may be issued up until 24 hours prior to the bid due date on Thursday, September 30, 2021, at 12:00 p.m. CST.

Please sign Addendum #1 and include it with your proposal.
