

Planning Towards a Meaningful Day

Planning for a Meaningful Day! Conversation topics can include: How to get started thinking about this, making the most of your transition services, learning about adult options within your community, as well as how to navigate the maze of government-funded services and supports for adults with I/DDs.

About the Speaker: Laurie Jerue, IPADDUnite

Laurie helped found the online parent support group called IPADDUnite nearly twenty years ago, when her daughter, Sarah, then fifteen, was approaching high school. Knowing she had a lot to learn about adult options, she and a few friends started meeting for coffee...and the group slowly grew from a core of three founders into the statewide, 6,700+member Facebook group it is today.
