RE: NWEA MAP Annual Renewal Subscription (Consent Calendar Item)

Please review and approve our annual subscription to Northwest Evaluation Association for MAP (Measures of Academic Progress) licenses for all of our students in grades 2-8. District 15 uses the MAP assessment, which is aligned with the state testing system and is given three times each year, to monitor progress, inform instruction, and as an indicator of potential educational program placement. Included in the subscription are ongoing technical support, electronic files, dynamic reporting suites, lexile reporting, unlimited standard instructional and student reporting as well as full access to the Knowledge Academy and online training. Funds for this purpose and purchase have been budgeted for in the Department of Instruction 2014-2015 budget plan.
