Subject: Action Item – Bid #18-026 Re-Bid Science Supplies

Background

Bid specifications for science supplies were posted on the District website and published in the Daily Herald on May 11, 2018. Bid documents were sent to nine vendors. Eight bids were received back.

The science supplies bid contains materials used for science kits. In the past, these items were stored at the Central Distribution Facility and kits were made to be distributed to each school. The items were purchased from multiple vendors and required “in-store” shopping. During the 2018-19 school year we are moving to a “drop ship” delivery system with all materials being delivered directly to the buildings. This bid will alleviate the need for “in store” shopping while providing competitive pricing for the district.

Results

Please see attached bid award summary. Items highlighted in yellow are the lowest bid, items in gray did not meet bid specifications, and items in black are no bid. Unit costs were calculated for the items that were packaged in different quantities.

Recommendation

It is recommended that the BOE award Bid #18-026 to six vendors for the following amounts: Nasco, Fort Atkinson, WI for \$4,405.00; Ward Science, Rochester, NY for \$22,315.00; Hand2Mind, Vernon Hills, IL for \$8,216.00; Frey Scientific, Greenville, WI for \$103,367.00; S&S Worldwide, Colchester, CT, for \$552.00; and Fisher, Hanover Park, IL, for \$270.00. The total bid award is \$139,125.00. Selection was based on lowest bidder meeting bid specifications. This expenditure is budgeted in the 2018-19 Education Fund.

Bid documents are on file in the business office for review.
