Notice to Respondents – Addendum to #18-005 Request for Water Testing & Analysis, dated September 29, 2017

ADDENDUM ONE

Community Consolidated School District 15 has an addendum regarding the Request for Bid dated September 29, 2017. Indicated below are inquiries from various vendors or a change in the proposal documents regarding the Request for Bid #18-005 Water Testing & Analysis and the district’s responses. The addendum is posted for the benefit of all participating parties.

1. Exhibit B contains a column titles “Extended Cost Per Sample”. Should this read “Extended Cost Per Source” as each source is required to be sampled twice?
 - A. We request a unit cost per sample and extended cost of sample based on the estimated number of sources tested.
2. The document references the sampling procedures “per School Code (105 ILCS 5/17-2.11)”. The School Code does not contain the sampling procedures. These procedures are specified in the Illinois Plumbing License Law 225 ILCS 320/35.5.
 - A. Please see attached
3. The insurance requirements and bond requirements are more in line with a multimillion dollar construction project and not a professional services contract. Can the insurance requirement be lowered and the bonds eliminated? As written the requirements will preclude many firms that provide this type of service from bidding.
 - A. This service falls under the Prevailing Wage Act public works definition. Per the Public Construction Bond Act, public works contracts over \$50,000 require a performance bond. We are anticipating the total cost for the project to exceeded \$50,000. A performance bond will not be required if the total cost of the project falls below \$50,000. The insurance requirement is our standard insurance requirement that we request with all contracts.
